

Facility Theft Reporting Form

Facility break-ins have been an issue all of 2009 and continue into the fall. 90 individual cases of theft have been reported to the LAT office. This is only a small percentage of the total number.

LAT is trying to get an accurate account of the scope of the roofing product theft problem as possible. We hope to use these facts to encourage a combined police effort in stopping this problem. LAT and the LAT membership have been in contact with the media as well to speed up this process.

Please take the time to give detailed specifics. We need dollar amounts and total number of instances. **All building material suppliers are encouraged to participate.** Due to the amount of expected responses, please make them in written form emailed to craig@lat.org or faxed to 512-472-7378.

In addition to informing LAT, it is critical you report any tips to Crime Stoppers and email the BOLO form.

1-866-938-TIPS (8477)

LAT has Crime Stoppers posters in a digital format in English and Spanish. Please contact the LAT office to receive them for free via email (craig@lat.org). Use them to display or to hand out to your employees and customers.

Details

Please list the dates and locations of all yard break-ins:

What specifically was taken including inventory (brand & color if possible) and equipment?

What is the estimated dollar amount of stolen/damaged property for all incidents?

How did the thieves gain access to your facility?

Did the thieves use their own transportation or steal your vehicles to make off with your materials?

Was any CCTV footage captured? _____

Have you recovered any stolen products or equipment?

What precautions have you taken to try to stop these thefts?

Can you share any specific police contact information?

**Is it acceptable to share the provided information with the police and other building material dealers?
If so, please list your preferred contact information.**

Business Name: _____

Location Addresses: _____

Key Contact Names with Phone Numbers and/or Email Addresses:

Is it OK to share the provided information with the press and you would you be available to be interviewed if requested? _____

Please provide any additional information or comments.
